RICHARDSON INSPECTION SERVICES L.L.C.

PROCEDURE FOR STORM WATER PERMITS FOR PROJECTS WITH IMPERMEABLE SURFACES BETWEEN 2,500 and 5,000 s/f

When submitting for a storm water permit from Richardson Inspection Services, LLC. The following items are required.

- 1. Completed Storm water application and site analysis questions
- 2. Check for \$45.00 for your plan review fee
- 3. Zoning Certificate (if applicable)
- 4. 2 sets of site plans

Note: The Site Plan for your project may be drawn up by hand. Please include <u>ALL</u> of the following information on the plan. (You may modify a copy of a site plan submitted for Zoning approval if applicable)

- 1. All property boundary lines
- 2. Identify and provide the area/size of all existing and proposed structures/impervious areas (including driveways, patios, porches etc,,,) with distances to lot lines.
- 3. Describe the grade/topography...flat, gentle slope, moderate slope, steep slope etc.
- 4. Show any/all wetlands, swales, streams etc. and distances to each
- 5. Describe/show existing vegetated or wooded areas and distances to each
- 6. Show any existing storm drains, ditches etc. and distances to each

After submitting, your plan review will be completed and your permit available for pick up in **1-2 business days**. Note your inspection fees must be paid when picking up your permit

Richardson Inspection Services, LLC. guarantees your inspections within 24 hours. If your inspection is called in by 3:00 pm it will be guaranteed for the following business day. Please be sure to call the office at 724-748-3099 to schedule all inspections.
